

Saiber Supports Jersey Cares with First Night Collection Drive

October 22, 2024

Saiber LLC is honored to have once again partnered with Jersey Cares in supporting their First Night Kit collection program. Saiber employees helped gather hundreds of personal hygiene items for local families in need. Due to the ongoing demand, Jersey Cares continues this initiative year-round, providing essential kits to domestic violence shelters, transitional housing, runaway safe havens, foster homes, and other organizations assisting vulnerable populations as they settle into temporary accommodations.

We extend our heartfelt thanks to everyone who contributed to this meaningful cause.

Jersey Cares is a not-for-profit charitable organization which places volunteers with service projects and other events in New Jersey. To learn more about Jersey Cares, and how you can support its various collection drives, [click here](#).
