For years, Saiber has teamed with Allstate Insurance Company and Street Law, Inc. to host a day-long legal educational program and mock trial for underserved students in New Jersey. Developed by Street Law, Inc., a nonprofit organization that creates classroom and community programs that teach people about the law, this annual program includes interactive workshops, breakout prep sessions for the plaintiff's and defendant's "counsel," a networking lunch, and culminates in a mock trial put on entirely by the students.

Saiber attorneys and staff members participate in the program each year as speakers, student coaches, jury members, and event organizers. The students spend the school day at Saiber's Florham Park office and are exposed to the challenges attorneys face every day.
